

Parker Truck Products

ENGINEERING YOUR SUCCESS.

To Configure Your Kit

Go to: www.PHTruck.com/wetlinekits.html

Together, we can specify wetline kits for your application.

The Parker online selection application has taken the guesswork out of the design and selection of proper components for a complete Wetline kit. Simply answer some basic questions and the online application builds the complete Wetline kit part number for your installation. The Parker Wetline systems are delivered in one convenient package, which saves you time by collating parts and providing you with all the genuine Parker parts you need from one source. For other available parts, contact Customer Service: US 1-877-482-4899 or Canada 1-844-WETLINE.

WARNING — User Responsibility

FAILURE OR IMPROPER SELECTION OR IMPROPER USE OF THE PRODUCTS DESCRIBED HEREIN OR RELATED ITEMS CAN CAUSE DEATH, PERSONAL INJURY AND PROPERTY DAMAGE.

This document and other information from Parker-Hannifin Corporation, its subsidiaries and authorized distributors provide product or system options for further investigation by users having technical expertise.

The user, through its own analysis and testing, is solely responsible for making the final selection of the system and components and assuring that all performance, endurance, maintenance, safety and warning requirements of the application are met. The user must analyze all aspects of the application, follow applicable industry standards, and follow the information concerning the product in the current product catalog and in any other materials provided from Parker or its subsidiaries or authorized distributors.

To the extent that Parker or its subsidiaries or authorized distributors provide component or system options based upon data or specifications provided by the user, the user is responsible for determining that such data and specifications are suitable and sufficient for all applications and reasonably foreseeable uses of the components or systems.

Offer of Sale

The items described in this document are hereby offered for sale by Parker Hannifin Corporation, its subsidiaries or its authorized distributors. This offer and its acceptance are governed by the provisions stated in the "Offer of Sale," available at www.parker.com/salesterms/.

(A) GPM & Pump Input HP @ 1200 Engine RPM (1736 PTO Output RPM - 144% Ratio) & Continuous Pressure Rating with 90% efficiency rating considered.
 (B) Max Engine Speed = Minimum of (1) (Max Pump Speed) / 1.44 PTO Ratio and (2) 2500 RPM maximum PTO output speed. PTO output speeds above 2500 RPM requires application approval from Parker Chelsea.
NOTE: Minimum ideal engine speed for Ford Super Duty in stationary mode is 900 RPM (Diesel) and 700 RPM (Gas). Consult fordbbas.com
NOTE: Ford's 10R140 transmission delivers up to 300 ft-lbs to PTO. Consult fordbbas.com for power and torque limitations based on vehicle configuration.

FORMULAS:
 GPM = Cu. In. x .004329 = G/Rev x 1736 RPMs x .90 efficiency
 HP = (GPM x Max PSI) / 1714
 Torque = (HP x 5252) / 1736 RPMs

PTO

249 SERIES POWER TAKE-OFF SPECIFICATIONS AND TECHNICAL DATA

2 4 9 F M L L X - B 4 5 5

Basic Model

⁵249 Ford TorqShift® 6 Transmission

Mounting Option

F = 6.7L Diesel w/ Ford TorqShift 6 (6R140)
⁶³**H** = 6.8L Gas 2016 & Later w/ Ford TorqShift 6 (6R140)
X = 6.7L Diesel or 6.8L Gas (Use for No Harness)

Gear Ratio

M = 124% Engine Speed

Input Option

LL = 35 Tooth, Spur

NOTE: For more details, see Application Catalog (Transmission model number required)

Lube Option

X = Internal Pressure Lube

Shift Option

B = 12V Hydraulic
K = 12V Hydraulic w/ EOC (Electronic Overspeed Control)
E = Less Wiring Harness

Output Option

Driveline Output

³⁸**SD**= Smart Start - Rd Standard Shaft (1-1/4" - 5/16" Key)
³⁸**XD**= Rd Standard Shaft (1-1/4" - 5/16" Key)

Pump Mount

³⁸**08** = Hyd. Pump 1.86 In³/rev - 0.0081 GPR
³⁸**09** = Hyd. Pump 2.17 In³/rev - 0.0094 GPR
³⁸**11** = Hyd. Pump 2.48 In³/rev - 0.0107 GPR

(A) GPM & Pump Input HP @ 1200 Engine RPM (1488 PTO Output RPM - 124% Ratio) & Continuous Pressure Rating with 90% efficiency rating considered.

(B) Max Engine Speed = (Max Pump Speed) / (1.24) for PTO Ratio Increase. Max Speed determined by Max PTO output speed of 2500.

(D) GPM & Pump Input HP @ 1200 Engine RPM (1488 PTO Output RPM - 124% Ratio) & 2000 PSI Continuous Pressure Rating.

See leakage chart for additional flow losses at other pressures.

CAUTION: 249V Pump Options: The PTO drive gear delivers up to 250 Lbs. ft. torque to the aftermarket PTO, and can manage the heat of 40 HP continuously. Higher horsepower can be delivered, but for shorter durations depending on the amount of power required. Ref: Ford Body Builders Manual; TorqShift Automatic Transmission.

NOTE: Refer to Chelsea Owner's Manual HY25-1FRD-M1/US for complete vane pump information.

FORMULAS: GPM = Cu. In. x .004329 = G/Rev x 1488 RPMs x .90 efficiency • HP = (GPM x Max PSI) / 1714 • Torque = (HP x 5252) / 1488 RPMs

PTO

252 Series

- Controlled compression interface gasket eliminates the setting of gear backlash
- Lightweight housing design allows for maximum heat dissipation
- Excellent gear contact ratio quiet operation
- Integrated cartridge valve reduces installation time

PTO

524 Series

- Continuous torque rating of 260 lbs-ft [350 Nm]
- Rear mount design requires less mounting space and simplifies installation
- No gear backlash to set, simplifying installation
- Used with Volvo I-Shift and Mack mDrive transmissions
- Daimler Detroit™ DT12™

Accessories

Part Number	Descriptions
3089414016	ASK-16, (Air Shift Cylinder w/ Hoses and Fittings G Series)
3089414049	ASK-49, (Air Shift Cylinder w/o Hoses and Fittings G Series)
3149414006	ASK-6, (Air Shift Cylinder w/ Hoses and Fittings C Series)
3149414017	ASK-17, (Air Shift Cylinder w/o Hoses and Fittings C Series)
DBSP-3	Direct Mount Bracket C102
3140100005	Remote Mount Bracket C101
329972-1X	SG Pump Bracket for left side of the Allison 3000 Series transmission
329972-2X	SG Pump Bracket for left and top sides of the Allison 4000 Series transmission.

P16 Pumps

- SAE B 2-Bolt Flange
- Maximum pressure up to 3000 PSI
- Maximum speed 3000 RPM
- SAE B 7/8"-13T Shaft
- Recommended for 210 Series PTO

Gear Pumps

PGP020 Pumps

- Bi-Rotational
- SAE B 2/4-Bolt Flange
- SAE B 7/8"-13T Shaft
- SAE BB 1"-15T Shaft
- All pumps are side and rear ported
- Pressure to 3000 PSI
- Speeds to 2400 RPM

GP1 DIN Mount Pumps

- DIN 1-3/8"-8T Shaft, 4-Bolt Flange
- All pumps side and rear ported
- Speeds to 1800 RPM
- Pressures to 250 bar (3630PSI)
- 38-54% less weight than comparable gear pumps

⁽¹⁾ Theoretical Values

⁽²⁾ Valid at an inlet pressure of 1.0 bar (abs.) when operating on mineral oil at a viscosity of 30 mm²/s (cSt).

⁽³⁾ Valid with 2-1/2" inlet (suction) line.

Valid with 2-1/2" inlet (suction) line.

With 2" suction line: F1-81 – max 1400 rpm (Q ≈ 120 l/min);

F1-101 – max 1000 rpm (Q ≈ l/min).

⁽⁴⁾ Max 6 seconds in any one minute.

NOTE: For noise level information, contact Parker Hannifin.

Easy to Change Rotation For F1 Piston Pumps

Pumps in this program come standard with right hand rotation. Please note the completed arrow to indicate direction.

Take out 3 bolts and loosen the 4th but do not remove the final bolt. Firmly hold the end cap against the housing and remove the 4th bolt making certain the end cap does not lift allowing the center pin to come out of position.

Rotate Pump shaft end cover 180° and make sure the L arrow is complete. Install the bolts and torque to service specifications 66 Lbs. ft. of Torque or 90 Nm.

Arrow should now have a completed full arrow pointing to the left.

Piston Pumps

F2 Pumps

F2 fixed displacement piston pumps are widely used on truck applications with operating pressure up to 5000 PSI (350 BAR). These twin flow pumps provide two independent output flows with a single inlet in a compact package. These lightweight, efficient pumps were designed specifically for truck applications including cargo cranes, hook loaders, forest cranes and concrete mixer trucks.

Part Number	Description	Max. Displacement in ³ /rev (cc/rev)	Outlet Pressure PSI (Bar)	Drive Speed RPM	Max. Shaft Speed	Flow** @ 1800 RPM		Max. Input Power HP (KW)

BPV-F3 Bypass Valve 12 or 24 VDC without manual override

Bypass Valve, type	BPV-F3
Max pressure, continuous	350 bar
Intermittent	400 bar
Solenoid voltage	12 or 24 VDC
Power requirement	14 W
Operating mode	Activated solenoid; Check valve closed

Accessories / Spare Parts

- As the BPV valve is symmetrical, it can be turned 180° to prevent interference with chassis components; it can be utilized for either left hand or right hand pumps.
- The valve function must only be activated or released (by means of the 24 VDC solenoid) at *no load* (below 20 bar) system pressure.

Small Displacements 33 & 38 CC can all be PTO Mounted 442/489 and 280 Chelsea® Series PTO's. Larger Displacements 65 and 100 CC can be front mounted to the engine or be PTO shaft driven. All Pumps listed above can be driven with a Constant Mesh or a PowerShift/Clutch Style PTO. All 7/8"-13 Tooth Pumps have an SAE "B" Pilot Diameter 4". All 1-1/4" Round Keyed shafts have an SAE "C" Pilot Diameter 5".

P1 Piston Pump

- Variable displacement, axial piston pump for open-circuit applications
- Medium pressure, continuous operation at pressures up to 280 bar
- Quiet and efficient control capability
- Low ripple to further reduce noise
- Compact overall package size
- Elastomer seals that eliminate gaskets and external leakage
- High operating efficiency results in lower power consumption and reduced heat generation

Hydraulic Motors

TB Series

Medium duty power

This medium duty small frame motor incorporates many features that are included in our heavy duty motors. Design features include a high pressure shaft seal so external drains are never required, roller vane technology for automatic wear compensation and full flow internal cooling and flushing. This is a very economical motor for most medium duty applications.

Hydraulic Motors

TE Series

Heavy duty power in a small frame motor

The TE motor has higher pressure ratings than the TB motor, for applications requiring higher torque. This motor has robust roller bearings that can withstand higher side loads. The TE Series uses high pressure shaft seals and high flow shaft seal cooling to prevent premature wear and seal leaks.

TE Series – 2-Bolt

TF Series

Heavy duty tough applications

Sturdy tough construction makes Parker's TF Series large frame motors suitable for the most severe applications. The powertrain uses a unique 60:40 spline geometry for strength. All splines are constantly flushed with cool fluid for durability. Roller vanes and sealed commutation assure high volumetric efficiency, smooth low speed operation and extended life. Shaft seals can withstand full system pressure and are washed in cool fluid for long life.

Hydraulic Motors

TG Series

Exceptional strength high performance motor

The heart of Parker's TG Series large frame powertrain the torque link, is an extra heavy duty part that includes unique 60:40 spline geometry. Rugged construction throughout allows the transmission of over 12,600 Lbs. in. of torque. The entire powertrain is continually washed in cool, high flow fluid to assure long life. Roller vanes and sealed commutator maintain high efficiency and provide smooth low speed performance.

TGK Series

Exceptional strength & durability high performance motor

The heart of Parker's TK Series powertrain, the torque link is an extra heavy duty part that includes unique 60:40 spline geometry. Rugged construction throughout allows the transmission of over 23,000 Lbs. in. of torque. The entire powertrain is continually washed in cool, high flow fluid to assure long life. Roller vanes and sealed commutator maintain high efficiency and provide smooth low speed performance.

Wetline Kits

- Simple to use, online tools build complete Wet Line System
- Single part numbered kits for immediate installation
- Takes the guesswork out of kit selection
- Three year warranty available on approved applications

Parker's eConfigurator can specify a kit for many applications.

Dump Trailer

Dump Truck

Low Boy - Goose Neck

Moving Floor

Live Bottom

Premium Combo System - Moving Floor/Gooseneck or Low Boy

Auto Combo System - Dump Trailer/Moving Floor/Gooseneck or Low Boy

Combination - Side Dump/End Dump/Moving Floor/Gooseneck or Low Boy

Oil Transfer

Standard Combo Systems (2440 max)

Volvo Kits - I-Shift

Mack Kits - mDrive

Kits / Systems

Snow & Ice System

Parker ICS-567

System Components:

- Integrated & versatile master controller
 IQAN XC23 input/output module
 IQAN G11 Bluetooth® technology
 IQAN LC6 & LST Joysticks
- Pre-programmed IQAN MC2 valve driver module
- Complete wiring harness
- Electro-proportional Pulsar® hydraulic sectional valve

The IQAN-G11 solution offers on-site, short range or remote diagnostic access to vehicles by wireless communication coupled together with IQAN software tools. System is plug-and-play with vehicle chassis for automatic ground speed.

Zinc-Plated Pulsar® Valve

Ordering Info:

Parker ICS-567: Part# MCE14751

There are two mounting options for this system:

PMC-PEDESTAL-FLOOR (Used on all truck cabs with bucket seats and no center console)

PMC-PEDESTAL-RAM (Mounts on the Ram Mount bracket, #RAM-VB-185 using the passenger seat hardware. Ram Mount bracket, #RAM-VB-185 is sold separately thru Ram Mounts)

Below are images of the mounting systems. The bracket goes with the RAM option.

PMC-Pedestal-Floor

PMC-Pedestal-RAM

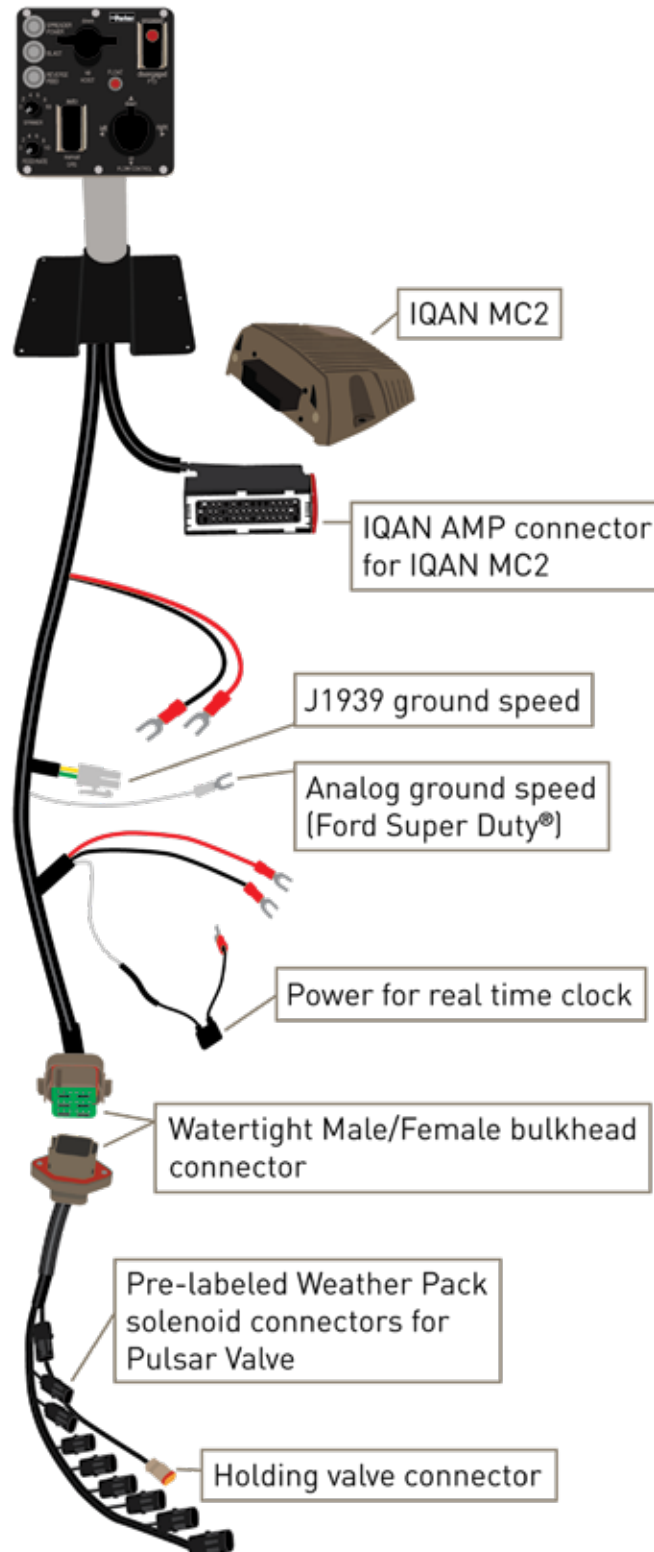

Bracket

Snow & Ice System (Continued)

Total System Reliability

Complete Parker system designed for quality, simplicity, and efficiency.

Kits / Systems

Parker Spread Master System

PSM1000

System includes:

- Electronic control module PSM1000C
- Control manifold assembly PSM1000M
- Wiring harness PSM1000H
- Application instructions PSM1000AI

PSM1500-1

Parker Spread Master System

A spinner control function for auxillary spreader

PSM1500-2

Parker Spread Master System

Precision feed rate and spinner control at the touch of your fingers.

Valves

- Available in open-center and load-sense technologies
- Flows 10-70 GPM, 3500 PSI
- Work ports available in SAE 8, 10 and 12
- Many special metering spools available

Part Number	Description	Application
MCE14264	VA20 Single Acting Cylinder, Pneumatic O-Ring Ports	Dump Truck
MCE14265	VA20 Double Acting Cylinder, Pneumatic O-Ring Ports	Side Dump Truck / Trailer
MCE14260	VA20 One Single Acting / One Double Acting Cylinder, Pneumatic O-Ring Ports	Side Dump / End Dump – Plus multiple types of two line trailer connections – Combo System
MCE14341	VA20 One Double Acting Motor Handle Operated	Trailer Valve Oil Transfer
MCE14451	VA20 One Double Acting Motor / One Single Acting Cylinder	Combo Winch / LB / DT / OT
3489201754	VA35 Single Acting Cylinder, Pneumatic O-Ring Ports	Dump Trailer
3489302021	VA35 Two Single Acting Cylinder, Pneumatic O-Ring Ports	Premium / Combination System

NOTE: All assembled valves listed above are rated for 2500 PSI except for the premium combination that has one section set at 2000 PSI and one section set at 3000 PSI

Accessory Valves

- Flow dividers, pilot operated check valves, relief valves
- Manual or air operated
- Flows to 225 LPM (60 GPM)
- Pressures to 207 bar (3000 PSI)
- Cast iron bodies

Part Number	Description
RPL-100-A	Relief valve, 1" NPT ports, adjustable
RPL-16-A	Relief valve, 16 SAE NPT ports, adjustable
S-100	Selector valve 1" NPT ports, manual shift
AS-16	Selector valve 1" SAE ports, airshift, spring return
AS-100	Selector valve 1" NPT ports, no manual override
AS-100-SR	Selector valve 1" NPT ports, airshift, spring return

Auto Combo Valves

- Dual pressure relief
- Complete with fittings

Part Number	Description	Application
ACVA10A	Auto Control Valve Assembly	Combination Systems*

*No interaction for the driver required for the driver to change from one pressure to a different setting. System automatically recognizes the settings.

Tipper Valves

- Flow is up to 65 GPM
- Pressure is up to 5800 PSI
- Relief valves set at 2100 PSI & 3000 PSI

Part Number	Description	Application
CVA16SP	Tipper Valve Air Actuated [Raise-Hold-Lower]	Dump Truck/Trailer
CVA16DP	Tipper Valve [Dual Pressure]	Combination Systems
CVM12SP	Tipper Valve Manual Shift [Raise-Hold-Lower]	Small Dump Truck

Shifter Controls

Consoles & Towers

- Control for dump pump consoles
- Safety interlock handle
- Rugged aluminum construction
- Easy to mount

Part Number	eConfigurator	Description	Main Applications
328388-98X	A	PTO Switch No-Hoist Control - Tubing & Fittings	Multiple
329024-12X	B	PTO Switch No-Hoist Control - Electric Hydraulic	Multiple
329106-153X	V	Air Shift Cover & Boot - Used with OEM In-Dash PTO Switch	Multiple
328388-65X	S	PTO Switch - Hoist Control - Tubing & Fittings Spring Return Auto PTO Kick Out	Dump / Truck
328388-72X	T	PTO Switch - Hoist Control - Tubing & Fittings 3 Position Detent No Auto PTO Kick Out	Dump / Truck Roads / Hwy
328388-79X	U	PTO Switch - Hoist Control - Tubing & Fittings 3 Position Detent PTO Kick Out	Dump Trailer
329219X	C	8" High Tower - Used with S-T-U Options	
3239-13	D	13" High Tower - Used with S-T-U Options	
AVCP-295-MTCK8	H	PTO Switch - MF/Hoist - Tower Tubing	Premium Combo
AVCP-695-M-T-8	W	No PTO Switch - MF/Hoist - Tower Tubing	Combination
AVCP-195-T-8	J	No PTO Switch - Hoist Control 3 Position Detent No Auto Kick Out	Dump Truck / Trailer
CONV-APS-18	Sold Separately	PTO Switch – MF/HOIST – Tarp & Tailgate switch plugged	

Consoles with & with-out Controls

CONV- APS-8	w/ controls	PTO Switch – Hoist – Tailgate & Aux (PLUGGED)	Premium Combo Dump Truck
HCVC-VTS	w/o controls	PTO/HOIST Combo – Tailgate – Tarp – Aux	all blank holes for push -pull valves
	Lo profile	(used between door and driver seat)	Premium Combo
HCVC-VRN	w/o controls	PTO/HOIST Combo – Tailgate – Tarp – Aux	all blank holes for switches
	Lo profile	(used between door and driver seat)	Premium Combo

Ball Valves

- Forged brass body
- Chrome plated brass ball
- PTFE seats/seals
- Fluorocarbon stem o-rings
- Steel handle

Filters

Hydraulic Oil Filters

- Broader applications compared to 150 PSI rated spin-on cans
- Variety of mounting configurations
- Flange options for low profile, easy mounting

The Parker coreless filter will not only extend the service life of system components, but will last 3 times as long as the spin-on filters. By properly filtering your system with Parker coreless filtration, you can reduce your equipment downtime and hydraulic component replacements.

Parker Kits - Come complete with everything you need to mount and connect filter

Mounting - 6 hole pattern for flexibility

Indicator Gauge - Show at a glance when the filter needs changing

Ports - SAE ports standard

25x thread engagement - Filters will not blow off and provide 3 times the service life over spin-on canisters

12AS/50AS Coreless Series

- Maximum pressure 500 PSI
- 2.5 to 1 safety factor
- Operating temperatures:
-40°F (-40°C) to 225°F (107°C)

Filter Kits

Part Number	Description
SWKA-01	50 AS Filter Assembly - Gauge - Mounting Bracket
SWKA-10	50 AS Filter Assembly - Gauge - Mounting Bracket Qty 10

Filter Assemblies

Part Number	Description
12AS210QEBPGS121	20 GPM 10 Micron SAE 12 3/4"
50AS110QEBPGS201	50 GPM 10 Micron SAE 20

Filter Elements

Part Number	Description
940763Q	12AS 10 Micron
940818Q	50AS 10 Micron

12AT/50AT Spin-On Series

- Maximum pressure 150 PSI
- 2.5 to 1 safety factor
- Operating temperatures:
-40°F (-40°C) to 225°F (107°C)

Filter Assemblies

Part Number	Description
12AT110CBPGN12H	15 GPM 10 Micron NPT 3/4"

926169	50AT Cellulose 10 Micron
927736	50AT-2 Cellulose 10 Micron

Accessories

Fluid level / temperature gauges

Part Number	Thread	Length
FL.69121	M10	3
FL.69312	M10	10

Breathers - non-pressurized

Part Number	Description
AB.1163.10	10 Micron, 3" hole size

Gauge

Part Number	Description
936912	25 PSI Gauge

Fits all AT and AS filter head assemblies

Filter Brackets

Part Number	Description
FB10	For AT & AS Filters
FB20	Fits Dual Filter

Hose - 387TC

- Hydraulic - tough cover
- ISO 18752, SAE J 1942-1 USCG, AGS, DNV
- Constant working pressure

Application: Petroleum based hydraulic fluids and lubricating oils

Inner Tube: Synthetic rubber

Reinforcement: Two braid steel wire (4-wire for size -20)

Cover: Synthetic rubber abrasion resistant, MSHA accepted

Temperature Range: -40°F to +257°F (-40° C to +125°C)

Fittings: 43 Series

Part Number	Hose ID		Hose OD		Working Pressure		Minimum Bend Radius

QuickFit Valve

- Oil change in under 30 minutes
- Single connection point
- Eliminates 100% of spills
- Works with QuickFit bracket, Parker check valve, adapters/fittings and hose

Part Number	Description
CVST-500-QF	Integrated FEM nipple and double check valve

Push-To-Connect Advantages:

The design of the Parker PTC Composite Air Brake Fitting complies with the performance requirements of D.O.T. FMVSS 571.106, SAE J1131 and SAE J2494-3. No special tools are needed to assemble. Just bottom the tubing in the fitting for a positive seal. Tube support design assures maximum flow.

Application: Use with Parker Parflex SAE J844 type A & B nylon tubing. Designed for all D.O.T. truck and trailer applications. Prior to use, all applications should be carefully tested through the range of conditions which may be encountered.

Temperature Ranges: Variations from -40°F to +200°F.

Working Pressure Ranges: 250 psi.

Reservoirs - Side Frame Mount Tanks

Parker Part Number - SMS30

- 30 gallon reservoir
- Steel tank assembly, fully baffled, with pre-punched and slotted 2"x 2" mounting angles
- Two 2" NPT suction ports, (2) two 1-1/4" return line ports
- One 2" port plug and (1) one 1-1/4" port plug
- Magnetic drain plug, filler/breather assembly, including 40 micron filter w/chain
- 5" Oil level/temp sight gauge
- Unit packaged in a single carton

Parker Part Number - SMA35, SMA35SS

- 35 gallon reservoir
- Roll-formed cylindrical aluminum tank with domed ends that are die stamped
- Three heavy duty 1-1/4" NPT ports with built-in diffusers
- One 1-1/4" port plug
- Bright mill finish
- AMK-624-C Mounting Kit, which includes two frame mount powder coated J-brackets and two rubber shielded, power coated carbon steel strap assemblies

Reservoirs - Side Frame Mount Tanks

Parker Part Number - SMS50, SMA50, SMA50SS

- 50 gallon reservoir
- Tank assembly ships in one carton with mounting kit shipped in separate carton
- SMA50SS comes with stainless steel straps
- Each tank assembly is provided with (3) three 2" NPT ports
- Auxiliary mushroom vent(s) in tank top to increase air exchange
- Filler/breather assembly includes 40 micron filler/breather cap (chain mounted) with nylon strainer basket and bayonet closure
- All ports in each unit are internally diffused, one port plug provided

Parker Part Number - SMS75, SMA75, SMA75SS

- 75 gallon reservoir
- Tank assembly ships in one carton with mounting kit shipped in separate carton
- Tank assembly is provided with (3) three 2" NPT ports
- Auxiliary mushroom vent(s) in tank top to increase air exchange
- Filler/breather assembly includes a 40 micron filler/breather cap (chain mounted) with nylon strainer basket and bayonet closure
- All ports in each unit are internally diffused, one port plug provided

Reservoirs - Behind Cab Tanks

Parker Part Number - URS50, URA50

- 50 gallon reservoir
- Steel tank assembly with (2) two 2" screw-in NPT bottom ports
- Aluminum tank assembly with (2) two 1-1/4" screw-in NPT bottom ports
- Filler/breather assembly including a 40 micron filler/breather cap (chain mounted)
- Strapless design
- Mounting kit included
- All ports in each unit are internally diffused, one port plug provided

Parker Part Number - URA70, URS70

- 70 gallon reservoir
- Aluminum tank assembly with (2) two 2" screw-in NPT bottom ports
- Filler/breather assembly including a 40 micron filler/breather cap (chain mounted)
- Auxiliary vent
- Mounting kit included
- All ports in each unit are internally diffused, one port plug provided

Reservoirs - Behind Cab Tanks

Parker Part Number - BC100K, BCA100K, BCA100KS

- Steel tanks are constructed with baffles (vortex shield), and come with filler breathers, sight level gauges
- All mounting hardware is included
- All tanks are available in aluminum
- Stainless steel strap part number BCSS75

Parker Part Number - URP50

- Extra large 63 gallon capacity/50 gallon usable
- Rugged reinforced-polyethylene
- Dual 2" NPT ports - field serviceable if necessary
- Includes heavy duty strapless hold down system with powder coated steel saddle
- Pre-assembles for easy installation
- Screw-in diffuser - 2" to 1"
- Sight temperature gauge standard
- Heavy duty chain mounted filler/breather cap - 40 micron filtration standard

Reservoirs - Side Frame Mount Tank; Rear Ports

Parker Part Number - SMA50-R & SMA50SS-R

- 50 gallon reservoir
- Tank assembly ships in one carton with mounting kit shipped in separate carton
- SMA50SS comes with stainless steel straps
- Each tank assembly is provided with (3) three 2" NPT ports
- Auxiliary mushroom vent(s) in tank top to increase air exchange
- Filler/breather assembly includes 40 micron filler/breather cap (chain mounted) with nylon strainer basket and bayonet closure
- All ports in each unit are internally diffused, one port plug provided

Parker Part Number - SMA75-R & SMA75SS-R

- 75 gallon reservoir
- Tank assembly ships in one carton with mounting kit shipped in separate carton
- Tank assembly is provided with (3) three 2" NPT ports
- Auxiliary mushroom vent(s) in tank top to increase air exchange
- Filler/breather assembly includes a 40 micron filler/breather cap (chain mounted) with nylon strainer basket and bayonet closure
- All ports in each unit are internally diffused, one port plug provide

Reservoirs - Side Frame Mount Tank; Rear Ports

Parker Part Number - SMS75-R & SMS75SS-R

- Steel Saddlemount - 75 Gallon

Oil Coolers

The ULDC oil cooler with 12 or 24V DC motor is optimized for use in the mobile industry. Together with a wide range of accessories, the ULDC cooler is suitable for installation in most applications and environments.

- Optimized design with the right choice of materials and components, ensures a reliable and long lasting cooler with low service and maintenance costs.
- Compact design resulting in a lighter weight unit, yet with higher cooling capacity and lower pressure drop.
- Easy to maintain and easy to retrofit into many applications.
- DC motor 12V/24V.
- Quiet fan and fan motor.

Order Key for ULDC Oil Coolers

All positions must be filled in when ordering.

Example:

ULDC -	007	-A	-000	SA
<i>Series</i>	<i>Model</i>	<i>Motor Type</i>	<i>Thermoswitch</i>	<i>Core Bypass</i>
1	2	3	4	5

1. OIL COOLER SERIES WITH AC MOTOR; ULAC

2. COOLER SIZE/MODEL

004, 007, 011, 016, 020, 023, 033

3. MOTOR VOLTAGE

12V = A
24V = B

4. THERMOSWITCH

No thermoswitch = 000
100 °F = 100
120 °F = 120
140 °F = 140
160 °F = 160
175 °F = 175

5. CORE BYPASS*

No Bypass = SW
20 psi External Hose Bypass (standard option) = SA
65 psi External Hose Bypass (standard option) = SB

*The standard cores are single pass. Two pass cores and other options available upon request, please consult Accumulator and Cooler Division.

FLUID COMBINATIONS

Mineral oil
Oil/water emulsion
Water glycol
Phosphate ester

MATERIAL

Cooler core Aluminum
Fan blades/guard Glass fiber reinforced polypropylene
Fan housing Steel
Other parts Steel
Surface treatment Electrostatically powder-coated

COOLER CORE

Maximum static working pressure 300 psi
Dynamic working pressure 200 psi**
Heat transfer tolerance ± 6 %
Maximum oil inlet temperature 250°F

**Tested in accordance with ISO/DIS 10771-1

COOLING CAPACITY CURVES

The cooling capacity curves in this catalog are created using oil type ISO VG 46 at 250°F.

CONTACT PARKER FOR ADVICE ON

Oil temperatures > 250°F
Oil viscosity > 100 cSt/500 SSU
Aggressive environments
Environments with heavy airborne particulates
High-altitude locations

Thermo Switch

Fixed Temperature Setting

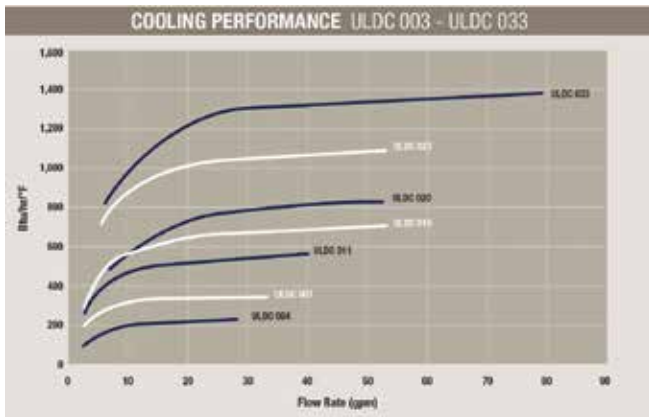

All of the following switches are offered in 1/2" BSP male connection.

Part Number	Temperature
ATS-GF-C100	104° F
ATS-GF-C120	122° F
ATS-GF-C140	140° F
ATS-GF-C160	160° F
ATS-GF-C175	175° F

ULDC Cooling Performance

The cooling capacity curves are based on an ETD (Entering Temperature Difference) of 1°F. For example, oil temperature of 140°F and air temperature of 70°F yields a temperature difference of 70 °F. Multiply the number from the cooling graphs corresponding to the specific flow rate by the ETD for the particular application to get the total heat duty.

Type	Weight lbs (Approx.)	Acoustic Pressure LpA dB(A) 3 Ft.*	Max. Current (Amps.)**		Q SAE O-Ring Boss
			12 Volts	24 Volts	
ULDC 004	13	63	7	4	1" (#16)

WARNING: This product can expose you to chemicals including Carbon black (airborne, unbound particles of respirable size) which is known in the state of California to cause cancer. For more information go to www.P65Warnings.ca.gov

Telescopic Cylinders

Updated Design from the Industry Leader

Parker Cylinder Division has been manufacturing hydraulic cylinders for over 100 years and is a leading supplier to the truck, mining, material handling, and refuse markets. The SAT Series cylinder continues the company's dedication to providing industry leading products focused on reducing the long term costs of operating critical capital equipment. This updated design provides the following benefits over our existing product offering:

Design Features

Increased Operating Pressure	Cylinder rated to handle 2500 psi operating pressure representing a 25% increase over previous product offering
Increased Lifting Force	Larger plunger size and increased operating pressure result in increased lifting force over current cylinder
Improved Sealing Technology	Polyurethane U-Cup seals and Umbrella style wipers provide a more robust sealing package than existing cylinder
Reduced Weight	New cylinder design is on average 4% lighter due to smaller gaps between stages requiring less hydraulic fluid to fill cylinder
Reduced Cycle Time	Decreased space between sleeves and less oil to fill cylinder results in 13% average reduction in cylinder cycle time
Increased Safety Factor	Thicker walls and wider bearings result in a 25% average improvement to cylinder column strength

Parker Hannifin Corporation - Offer of Sale

1. **Definitions.** As used herein, the following terms have the meanings indicated.
- Buyer:** means any customer receiving a Quote for Products.
- Goods:** means any tangible part, system or component to be supplied by Seller.
- Products:** means the Goods, Services and/or Software as described in a Quote.
- Quote:** means the offer or proposal made by Seller to Buyer for the supply of Products.
- Seller:** means Parker-Hannifin Corporation, including all divisions and businesses thereof.
- Services:** means any services to be provided by Seller.
- Software:** means any software related to the Goods, whether embedded or separately downloaded.
- Terms:** means the terms and conditions of this Offer of Sale.
2. **Terms.** All sales of Products by Seller are expressly conditioned upon, and will be governed by the acceptance of, these Terms. These Terms are incorporated into any Quote provided by Seller to Buyer. Buyer's order for any Products whether communicated to Seller verbally, in writing, by electronic data interface or other electronic commerce, shall constitute acceptance of these Terms. Seller objects to any contrary or additional terms or conditions of Buyer. Reference in Seller's order acknowledgement to Buyer's purchase order or purchase order number shall in no way constitute an acceptance of any of Buyer's terms or conditions of purchase. No modification to these Terms will be binding on Seller unless agreed to in writing and signed by an authorized representative of Seller.
3. **Price; Payment.** The Products set forth in the Quote are offered for sale at the prices indicated in the Quote. Unless otherwise specifically stated in the Quote, prices are valid for thirty (30) days and do not include any sales, use, or other taxes or duties. Seller reserves the right to modify prices at any time to adjust for any raw material price fluctuations. Unless otherwise specified by Seller, all prices are F.C.A. Seller's facility (INCOTERMS 2020). All sales are contingent upon credit approval and full payment for all purchases is due thirty (30) days from the date of invoice (or such date as may be specified in the Quote). Unpaid invoices beyond the specified payment date incur interest at the rate of 1.5% per month or the maximum allowable rate under applicable law.
4. **Shipment; Delivery; Title and Risk of Loss.** All delivery dates are approximate, and Seller is not responsible for damages resulting from any delay. Regardless of the manner of shipment, delivery occurs and title and risk of loss or damage pass to Buyer, upon placement of the Products with the carrier at Seller's facility. Unless otherwise agreed prior to shipment and for domestic delivery locations only, Seller will select and arrange, at Buyer's sole expense, the carrier and means of delivery. When Seller selects and arranges the carrier and means of delivery, freight and insurance costs for shipment to the designated delivery location will be prepaid by Seller and added as a separate line item to the invoice. Buyer shall be responsible for any additional shipping charges incurred by Seller due to Buyer's acts or omissions. Buyer shall not return or repack any Products without the prior written authorization from Seller, and any return shall be at the sole cost and expense of Buyer.
5. **Warranty.** The warranty for the Products is as follows: (i) Goods are warranted against defects in material or workmanship for a period of twelve (12) months from the date of delivery or 2,000 hours of use, whichever occurs first; (ii) Services shall be performed in accordance with generally accepted practices and using the degree of care and skill that is ordinarily exercised and customary in the field to which the Services pertain and are warranted for a period of six (6) months from the date of completion of the Services; and (iii) Software is only warranted to perform in accordance with applicable specifications provided by Seller to Buyer for ninety (90) days from the date of delivery or, when downloaded by a Buyer or end-user, from the date of the initial download. All prices are based upon the exclusive limited warranty stated above, and upon the following disclaimer: **EXEMPTION CLAUSE; DISCLAIMER OF WARRANTY, CONDITIONS, REPRESENTATIONS, THIS WARRANTY IS THE SOLE AND ENTIRE WARRANTY, CONDITION, AND REPRESENTATION, PERTAINING TO PRODUCTS. SELLER DISCLAIMS ALL OTHER WARRANTIES, CONDITIONS, AND REPRESENTATIONS, WHETHER STATUTORY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THOSE RELATING TO DESIGN, NONINFRINGEMENT, MERCHANTABILITY, AND FITNESS FOR A PARTICULAR PURPOSE. SELLER DOES NOT**

WARRANT THAT THE SOFTWARE IS ERROR-FREE OR FAULT-TOLERANT, OR THAT BUYER'S USE THEREOF WILL BE SECURE OR UNINTERRUPTED. UNLESS OTHERWISE AUTHORIZED IN WRITING BY SELLER, THE SOFTWARE SHALL NOT BE USED IN CONNECTION WITH HAZARDOUS OR HIGH RISK ACTIVITIES OR ENVIRONMENTS. EXCEPT AS EXPRESSLY STATED HEREIN, ALL PRODUCTS ARE PROVIDED "AS IS".

6. **Claims; Commencement of Actions.** Buyer shall promptly inspect all Products upon receipt. No claims for shortages will be allowed unless reported to Seller within ten (10) days of delivery. Buyer shall notify Seller of any alleged breach of warranty within thirty (30) days after the date the non-conformance is or should have been discovered by Buyer. Any claim or action against Seller based upon breach of contract or any other theory, including tort, negligence, or otherwise must be commenced within twelve (12) months from the date of the alleged breach or other alleged event, without regard to the date of discovery.

7. **LIMITATION OF LIABILITY. IN THE EVENT OF A BREACH OF WARRANTY, SELLER WILL, AT ITS OPTION, REPAIR OR REPLACE THE NON-CONFORMING PRODUCT, RE-PERFORM THE SERVICES, OR REFUND THE PURCHASE PRICE PAID WITHIN A REASONABLE PERIOD OF TIME. IN NO EVENT IS SELLER LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES INCLUDING ANY LOSS OF REVENUE OR PROFITS, WHETHER BASED IN CONTRACT, TORT OR OTHER LEGAL THEORY. IN NO EVENT SHALL SELLER'S LIABILITY UNDER ANY CLAIM MADE BY BUYER EXCEED THE PURCHASE PRICE PAID FOR THE PRODUCTS.**

8. **Confidential Information.** Buyer acknowledges and agrees that any technical, commercial, or other confidential information of Seller, including, without limitation, pricing, technical drawings or prints and/or part lists, which has been or will be disclosed, delivered or made available, whether directly or indirectly, to Buyer ("Confidential Information"), has been and will be received in confidence and will remain the property of Seller. Buyer further agrees that it will not use Seller's Confidential Information for any purpose other than for the benefit of Seller.

9. **Loss to Buyer's Property.** Any tools, patterns, materials, equipment or information furnished by Buyer or which are or become Buyer's property ("Buyer's Property"), will be considered obsolete and may be destroyed by Seller after two (2) consecutive years have elapsed without Buyer ordering the Products manufactured using Buyer's Property. Furthermore, Seller shall not be responsible for any loss or damage to Buyer's Property while it is in Seller's possession or control.

10. **Special Tooling.** "Special Tooling" includes but is not limited to tools, jigs, fixtures and associated manufacturing equipment acquired or necessary to manufacture Goods. Seller may impose a tooling charge for any Special Tooling. Such Special Tooling shall be and remain Seller's property notwithstanding payment of any charges by Buyer. In no event will Buyer acquire any interest in the Special Tooling, even if such Special Tooling has been specially converted or adapted for manufacture of Goods for Buyer and notwithstanding any charges paid by Buyer. Unless otherwise agreed, Seller has the right to alter, discard or otherwise dispose of any Special Tooling or other property owned by Seller in its sole discretion at any time.

11. **Security Interest.** To secure payment of all sums due from Buyer, Seller retains a security interest in all Products delivered to Buyer and, Buyer's acceptance of these Terms is deemed to be a Security Agreement under the Uniform Commercial Code. Buyer authorizes Seller as its attorney to execute and file on Buyer's behalf all documents Seller deems necessary to perfect Seller's security interest.

12. **User Responsibility.** Buyer, through its own analysis and testing, is solely responsible for making the final selection of the Products and assuring that all performance, endurance, maintenance, safety and warning requirements of the application of the Products are met. Buyer must analyze all aspects of the application and follow applicable industry standards, specifications, and any technical information provided with the Quote or the Products, such as Seller's instructions, guides and specifications. If Seller provides options of or for Products based upon data or specifications provided by Buyer, Buyer is responsible for determining that such data and specifications are suitable and sufficient for all applications and reasonably foreseeable uses of the Products. In the event Buyer is not the end-user of the Products, Buyer will ensure such end-user complies with this paragraph.

Parker Hannifin Corporation - Offer of Sale

13. Use of Products, Indemnity by Buyer. Buyer shall comply with all instructions, guides and specifications provided by Seller with the Quote or the Products. **Unauthorized Uses.** If Buyer uses or resells the Products in any way prohibited by Seller's instructions, guides or specifications, or Buyer otherwise fails to comply with Seller's instructions, guides and specifications, Buyer acknowledges that any such use, resale, or non-compliance is at Buyer's sole risk. Further, Buyer shall indemnify, defend, and hold Seller harmless from any losses, claims, liabilities, damages, lawsuits, judgments and costs (including attorney fees and defense costs), whether for personal injury, property damage, intellectual property infringement or any other claim, arising out of or in connection with: (a) improper selection, design, specification, application, or any misuse of Products; (b) any act or omission, negligent or otherwise, of Buyer; (c) Seller's use of patterns, tools, equipment, plans, drawings, designs, specifications or other information or things furnished by Buyer; (d) damage to the Products from an external cause, repair or attempted repair by anyone other than Seller, failure to follow instructions, guides and specifications provided by Seller, use with goods not provided by Seller, or opening, modifying, deconstructing, tampering with or repackaging the Products; or (e) Buyer's failure to comply with these Terms. Seller shall not indemnify Buyer under any circumstance except as otherwise provided in these Terms.

14. Cancellations and Changes. Buyer may not cancel or modify, including but not limited to movement of delivery dates for the Products, any order for any reason except with Seller's written consent and upon terms that will indemnify, defend and hold Seller harmless against all direct, incidental and consequential loss or damage and any additional expense. Seller, at any time, may change features, specifications, designs and availability of Products.

15. Limitation on Assignment. Buyer may not assign its rights or obligations without the prior written consent of Seller.

16. Force Majeure. Seller is not liable for delay or failure to perform any of its obligations by reason of events or circumstances beyond its reasonable control. Such circumstances include without limitation: accidents, labor disputes or stoppages, government acts or orders, acts of nature, pandemics, epidemics, other widespread illness, or public health emergency, delays or failures in delivery from carriers or suppliers, shortages of materials, war (whether declared or not) or the serious threat of same, riots, rebellions, acts of terrorism, fire or any reason whether similar to the foregoing or otherwise. Seller will resume performance as soon as practicable after the event of force majeure has been removed. All delivery dates affected by force majeure shall be tolled for the duration of such force majeure and rescheduled for mutually agreed dates as soon as practicable after the force majeure condition ceases to exist. Force majeure shall not include financial distress, insolvency, bankruptcy, or other similar conditions affecting one of the parties, affiliates and/or sub-contractors.

17. Waiver and Severability. Failure to enforce any provision of these Terms will not invalidate that provision; nor will any such failure prejudice either party's right to enforce that provision in the future. Invalidation of any provision of these Terms shall not invalidate any other provision herein and, the remaining provisions will remain in full force and effect.

18. Termination. Seller may terminate any agreement governed by or arising from these Terms for any reason and at any time by giving Buyer thirty (30) days prior written notice. Seller may immediately terminate, in writing, if Buyer: (a) breaches any provision of these Terms, (b) becomes or is deemed insolvent, (c) appoints or has appointed a trustee, receiver or custodian for all or any part of Buyer's property, (d) files a petition for relief in bankruptcy on its own behalf, or one is filed against Buyer by a third party, (e) makes an assignment for the benefit of creditors; or (f) dissolves its business or liquidates all or a majority of its assets.

19. Ownership of Software. Seller retains ownership of all Software supplied to Buyer hereunder. In no event shall Buyer obtain any greater right in and to the Software than a right in the nature of a license limited to the use thereof and subject to compliance with any other terms provided with the Software.

20. Indemnity for Infringement of Intellectual Property Rights. Seller is not liable for infringement of any patents, trademarks, copyrights, trade dress, trade secrets or similar rights ("Intellectual Property Rights") except as provided in this Section. Seller will defend at its expense and will pay the cost of any settlement or damages awarded in an action brought against Buyer based on a third party claim that one or more of the Products sold hereunder infringes the Intellectual Property Rights of a third party in the

country of delivery of the Products by Seller to Buyer. Seller's obligation to defend and indemnify Buyer is contingent on Buyer notifying Seller within ten (10) days after Buyer becomes aware of any such claim, and Seller having sole control over the defense of the claim including all negotiations for settlement or compromise. If one or more Products sold hereunder is subject to such a claim, Seller may, at its sole expense and option, procure for Buyer the right to continue using the Products, replace or modify the Products so as to render them non-infringing, or offer to accept return of the Products and refund the purchase price less a reasonable allowance for depreciation. Seller has no obligation or liability for any claim of infringement: (i) arising from information provided by Buyer; or (ii) directed to any Products provided hereunder for which the designs are specified in whole or part by Buyer; or (iii) resulting from the modification, combination or use in a system of any Products provided hereunder. The foregoing provisions of this Section constitute Seller's sole and exclusive liability and Buyer's sole and exclusive remedy for claims of infringement of Intellectual Property Rights.

21. Governing Law. These Terms and the sale and delivery of all Products are deemed to have taken place in, and shall be governed and construed in accordance with, the laws of the State of Ohio, as applicable to contracts executed and wholly performed therein and without regard to conflicts of laws principles. Buyer irrevocably agrees and consents to the exclusive jurisdiction and venue of the courts of Cuyahoga County, Ohio with respect to any dispute, controversy or claim arising out of or relating to the sale and delivery of the Products.

22. Entire Agreement. These Terms, along with the terms set forth in the main body of any Quote, forms the entire agreement between the Buyer and Seller and constitutes the final, complete and exclusive expression of the terms of sale and purchase. In the event of a conflict between any term set forth in the main body of a Quote and these Terms, the terms set forth in the main body of the Quote shall prevail. All prior or contemporaneous written or oral agreements or negotiations with respect to the subject matter shall have no effect. These Terms may not be modified unless in writing and signed by an authorized representative of Seller.

23. Compliance with Laws. Buyer agrees to comply with all applicable laws, regulations, and industry and professional standards, including those of the United States of America, and the country or countries in which Buyer may operate, including without limitation the U.S. Foreign Corrupt Practices Act ("FCPA"), the U.S. Anti-Kickback Act ("Anti-Kickback Act"), U.S. and E.U. export control and sanctions laws ("Export Laws"), the U.S. Food Drug and Cosmetic Act ("FDCA"), and the rules and regulations promulgated by the U.S. Food and Drug Administration ("FDA"), each as currently amended. Buyer agrees to indemnify, defend, and hold harmless Seller from the consequences of any violation of such laws, regulations and standards by Buyer, its employees or agents. Buyer acknowledges that it is familiar with all applicable provisions of the FCPA, the Anti-Kickback Act, Export Laws, the FDCA and the FDA and certifies that Buyer will adhere to the requirements thereof and not take any action that would make Seller violate such requirements. Buyer represents and agrees that Buyer will not make any payment or give anything of value, directly or indirectly, to any governmental official, foreign political party or official thereof, candidate for foreign political office, or commercial entity or person, for any improper purpose, including the purpose of influencing such person to purchase Products or otherwise benefit the business of Seller. Buyer further represents and agrees that it will not receive, use, service, transfer or ship any Products from Seller in a manner or for a purpose that violates Export Laws or would cause Seller to be in violation of Export Laws. Buyer agrees to promptly and reliably provide Seller all requested information or documents, including end-user statements and other written assurances, concerning Buyer's ongoing compliance with Export Laws.
